ABOUT THE ROOM

Providing a strong reminder of The CCD's sustainable ethos, this room is named after EcoCem, who supplied the carbon-neutral cement for The CCD's construction.

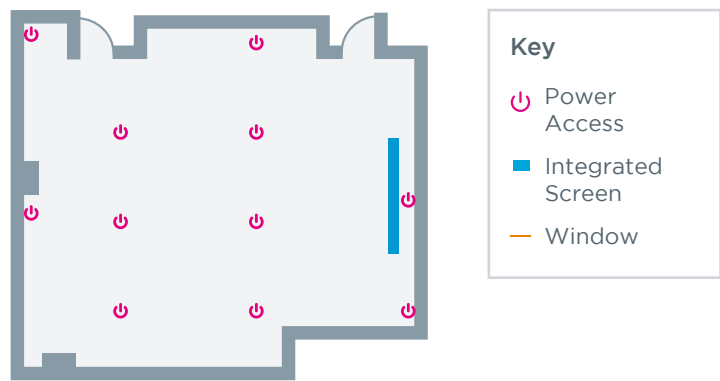

One of our largest meeting rooms, EcoCem can accommodate 110 theatre style, 40 boardroom style and up to 70 for banquets. In addition, an extensive range of technical services are available including AV, staging, lighting, PCs, and presentation equipment.

Offering the perfect setting for board meetings, training sessions, interviews, supplier meetings and private banquets, this room is also ideal for hosting break-out sessions at conference events, thanks to its close proximity to the halls on level 2.

PLEASE NOTE

You may need additional Wi-Fi and power depending on your event's requirements. Your Event or Technical Production Manager will be happy to provide you with recommendations and quotes. This floor plan is to be used as a guide only, please contact your Event or Technical Production Manager for more detailed information and plans.

*Banqueting capacities are based on oval tables of ten without a stage.
